

# Bishop MB Jefferson

Bishop MB Jefferson is an innovative leader and an instrumental asset to the Body of Christ. With his fiery testimony and prophetic gifting, he has influenced a worldwide awakening for truth. Through messages of holiness, Bishop Jefferson impacts the lives of thousands of individuals across the globe... calling for a 'change.' Through scripture-based teachings, he uniquely points believers and non-believers alike towards the cross; teaching love, judgment, kindness and the detrimental effects of addiction and sin.

As Founder of MB Jefferson Ministries, Deeper Life Christian Church, The House of David Help Center, and as Presiding Prelate of World Assemblies Fellowship International; Bishop Jefferson is truly reaching out to the masses and helping to change lives. His wife and co-founder of these ministries, Dr. Brenda Jefferson, is a beacon of inspiration for followers of Jesus Christ and stands by his side, in his ministry work. Their humble efforts and commitment to those in need has been pivotal in the lives of families, women, men and children struggling for a transformation and a spiritual lifestyle change.

## **His Testimony**

Bishop Jefferson endured numerous hardships, growing up in an impoverished household in Dallas, Texas. The hard-knock streets became an escape from a frenzied household and an abusive father. At the age of 25, he was rushed to the hospital after suffering a serious reaction to penicillin. Unable to revive him, the emergency room physicians pronounced him dead. In these vague moments, Bishop could hear the voice of the hospital staff in the room but greater than them; he heard the voice of the Lord speaking to him. God took him on a journey to the gates of hell, where he saw people wailing and screaming in the lake of fire. It was clear through his journey, that this was the destination for his life- if he did not change. Bishop, with great remorse for his actions, told the Lord the truth and through grace was given another opportunity at life. This pivotal experience was life-changing and led to a complete transformation in Bishop Jefferson's future pursuits and perspective.

# His Ministry

Strapped with a fiery testimony, Bishop Jefferson began to follow every step God ordered for his life, which ultimately gave birth to the foundation for his ministry. Under God's direction, Bishop Jefferson relocated to Tampa, Florida, where he established Deeper Life Christian Church and the House of David Help Centers of America. Beyond traditional religious teaching, Bishop Jefferson's message reflects Biblical principles, holiness and a unique teaching method on addiction and sin. He has learned tools to deliver the outcast and those struggling with difficult addictions through the Word of God; reflective in his 50 list teachings and 'Book, Chapter, and Verse.'

Bishop Jefferson was called back to the streets, only this time, to lead the outcast from the bondage of drugs, alcohol, inordinate sexual behaviors, violence and any sin which had separated them from God. As a means of reaching out to lost souls; the House of David Help Center is facilitated to assist those whose lives have been altered due to drugs, alcohol, domestic violence, hopelessness and despair. By providing housing, food, clothing accommodations and spiritual guidance, the organization takes the necessary steps to help individuals completely transform their lives.

Bishop M.B. Jefferson and Dr. Brenda Jefferson have been used by God to provide Biblical insight and to deliver thousands from addictive behaviors. Currently, numerous affiliate churches have been

established both nationally and internationally to further the mission; by providing similar outreach methods to those in need across the globe. As a result of their labor and faithfulness, many lives have been transformed and families restored.

World Assemblies Fellowship International is an organization of Bishops, Pastors, and ministry leaders who are under the covering of Bishop MB Jefferson and Dr. Brenda Jefferson; whose ministry affiliations are dispersed in locations from Jamaica, Africa, and all throughout the United States. Through the Word of God, wisdom and impartation, Bishop Jefferson develops leaders. He teaches individuals how to be Kingdom builder who can effectively manage their ministries, decipher the doctrine, and win souls.

Bishop Jefferson is a gifted author, with more than 25 books and sermon recordings including: 'Living in Victory', 'Turn the Battle to the Gate', 'The Servant', and his newest release 'Change Your Thoughts, Change Your World.' His prophetic anointing extends to "the laying on of hands" and rekindles a fire of faith that shows forth the miracles of God. Bishop Jefferson is a philanthropist and community leader who is making a difference in the lives of many. As a walking epistle of the Lord, this Man of God serves humbly, walking in his calling, on a mission to be a light for those seeking to know more about Christ.
